Our Company

Made in the USA

Our Keekaroo® cushion technology is not only unique but is also made right here in the United States. Keekaroo® Café Boosters™, Peanut® Changers, Infant Inserts, and Comfort Cushions are made in Dolgeville, New York, where Keekaroo® is proud to be a contributing and productive member of the local economy.

Designed with Experience

We are experienced child development specialists, with knowledge of growth and developmental milestones for children. This knowledge is an essential component in our design and manufacturing process and helps shape all of our products.

Safe for Babies and Children

Safety is an integral part of Keekaroo's design process. All Keekaroo® products are non-toxic and have received JPMA Certification, the strictest of safety certification standards. The same products we make for you, we use in our own homes!

Community Commitment

Keekaroo® was founded and is located in Dolgeville, NY, a small town in the foothills of the Adirondacks. From product design to manufacturing labor, Keekaroo® ensures that our small town, in the heart of central New York, is provided for.

Our cushions are the perfect non-toxic, soft-touch material.

YOU'LL NEVER OUTGROW A HEIGHT™ RIGHT RIGHT HIGH CHAIR

Customization

Upgrade your high chair with the **Infant Insert** to add stability or **Comfort Cushions** to provide comfort.

Adjustability

The high chair can be adjusted in 1-inch increments and insures the perfect fit for your infant or child.

Promotes Good Posture

The footrest offers a place for children to put their feet until they grow old (and big!) enough to put their feet on the ground.

Eco-friendly and Stylish

The high chair is made from eco-friendly parawood that comes in three wood options to match any dining room style.

Grows with You

The chair's adjustability allows it to be used beyond the high chair years, from children of six months to adults up to 250 pounds.

5 YEAR WARRANTY

HEIGHT RIGHT™ HIGH CHAIR

1 Eco-friendly

The chair frame is made from eco-friendly parawood and finished with a petroleum-free, plant-based lacquer.

2 Tray and Tray Cover

The product includes a dual-position, detachable tray. The removable tray cover is easy to clean and dishwasher-safe.

3 Stable Footprint

A sturdy 18-inch base provides a safe experience for your child.

4 Secure Seating

The seat includes a 3-point harness for securing infants and children in the Height Right™ High Chair.

5 Accessories

Add an **Infant Insert** for 6 months - 3 years old to support tippy infants, helping them to sit up and promote good posture. Add the **Comfort Cushion** for children over 3 years old.

Wood Options

INFANT INSERT

Add the Infant Insert accessory cushion for children from 6 months - 3 years of age

1 Infant Sized Seating

To prevent your infant from sliding around and slouching in their high chair, the Infant Insert reduces the seat size to center and safely secure the child.

2 High Wall Stability

The high walls of the Infant Insert help tippy infants have a soft cushion of safety while they learn to sit up.

3 Promotes Good Posture

The Infant Insert is designed to ensure hip positioning which aids with posture, core muscle development and digestion.

COMFORT CUSHION

Add the Comfort Cushion accessory for children over 3 years old

1 Fits Multiple Table Heights

The Height Right™ High Chair easily converts to a children's chair. A completely adjustable chair means any family member can sit at the table, no matter what age.

2 Foot Placement

Having a footrest based on each child's leg and trunk height helps children to develop posture as well improve attention span during meal time.

3 Customization

Combine 1 of 3 wood stains with your choice of cushion color to match any dining room style.

SNOOZER

STATIONARY INFANT SLEEPER

MADE IN
NEW YORK

1 Comfortable

Soft, ergonomic shape give baby a safe, cozy napping surface.

2 Ergonomic

Angle is perfect for acid reflux production and babies first observations of their world.

3 Soft and Solid

Firm structure maintains shape while baby is lying in the snoozer.

4 Antimicrobial

The cushion's surface limits bacterial growth.

5 Safety Straps

A three-point harness safely secures baby with an ultra-soft strap.

6 Easy-to-clean

The solid surface wipes down easily making spit-up and other messes easy-to-clean.

Durable and Soft

Originally designed for long-term use in hospitals and schools, our cushions are manufactured to be durable and flexible, yet soft to the touch. It's the perfect material to provide outstanding support while being comfortable.

Unlike most cushions, ours are made with a shell over foam. The shell is a solid material that is impermeable to fluid and is non-porous, fully eliminating the holes standard foam has that trap mold and bacteria.

Cleanup for our cushions is as simple as using a wipe, making feeding and diaper changing a perfect application. 

Testing and Safety

All Keekaroo® products are proud to be JPMA 2.0 certified, the highest level of certification offered by the Juvenile Products Manufacturers Association.

The rigorous testing for this important certification includes:

- A thorough product testing by an independent laboratory.
- On-site inspections of the manufacturer.
- Re-testing of all product models at least once a year.
- Random testing of in-store purchases for confirmation of product compliance.

When you see the JPMA symbol of certification, you can be sure that the product has met the strictest of performance standards. 

Our Story

Our story begins in 1967, when our founder, Tim Bergeron, was a student researching new types of therapeutic equipment for children. He discovered that children could benefit from products that put a focus on child development, especially around safety and posture.

Tim enlisted the help of his son, Jamie, and daughter, Katie. Together, they launched Keekaroo®. After they designed the adjustable Height Right™ High Chair, they focused on creating the perfect seat cushions. Now, each product offers a more comfortable seating experience with improved support and a soft, easy-to-clean surface for Mom and Dad. [K](#)
