

Keekaroo®

Retailer Resource

Infant Insert

VS.

Café Booster

JPMA Certified for children 6 months to 3 years with use of tray.

For use with the Height Right High Chair ONLY— Specially designed to “hug” the Keekaroo!

Passive crotch restraint prevents scooting out. 3 point harness attaches insert to high chair seat for added security.

Fully JPMA Certified for children of all ages. Suggested for 12 months & up.

For use with most dining chairs. Straps secure booster around chair back AND bottom.

3 point harness keeps child safe and secure.

What do they have in common? Both the Infant Insert and Café Booster are made of Keekaroo's super comfy cushion technology which makes them durable, strong, soft, comfortable AND easy to clean!
